RE: TST Certification of BetSoft Gaming RNG

This Certification Letter pertains to Technical Systems Testing (TST)'s compliance evaluation of BetSoft Gaming Limited (BetSoft Gaming)'s Random Number Generator (RNG), for operation within highly regulated jurisdictions.

TST's compliance evaluation of the BetSoft Gaming RNG was performed with the aim of identifying and detailing system weaknesses and possible issues of non-compliance with any applicable elements from the following sets of requirements:

1. BetSoft Gaming's technical specifications, and
2. Generally accepted industry standards for highly regulated jurisdictions.

TST's compliance evaluation of the BetSoft Gaming RNG included (but was not necessarily limited to) the following elements:

1. General RNG Analysis,
2. DIEHARD Battery of Tests, and
3. Final Outcome Distribution Tests.

TST completed the compliance evaluation of the BetSoft Gaming RNG on July 05, 2006.

TST has verified through mathematical and statistical analysis, within a ninety-five percent (95.0%) confidence level (this is a documented level of confidence for such statistical analysis), that the BetSoft Gaming RNG distributes numbers with sufficient non-predictably, fair distribution and lack of bias to particular outcomes. The evaluation has shown that the BetSoft Gaming RNG produces a statistically acceptable source of random numbers for the following BetSoft Gaming games / applications (see next page).

Subject to the inherent confines of a Laboratory Evaluation, it is TST's position that the BetSoft Gaming RNG tested by TST, including its implementation within these games / applications, met or exceeded any applicable elements from the sets of requirements listed above. TST therefore certifies the BetSoft Gaming RNG for operation within highly regulated jurisdictions.

TST's compliance evaluation of the BetSoft RNG was based on specific information and materials (including, but not necessarily limited to, software, source code, documentation and correspondence), as submitted to TST between April 10, 2006 and July 05, 2006. For verification purposes, TST has maintained a control version of all submitted information and materials.

Assuring you of our best attention at all times.

Yours sincerely,

Mr. Noah Turner
 Laboratory Manager
